

Health Pulse: BFS HEALTHCARE Monthly Newsletter

Cutting-edge Technology

By Mr. Roy Galit

We are thrilled to announce the launching of our cutting-edge BFS Healthcare App - our mobile app. This innovative tool is set to revolutionize staff efficiency and organizational effectiveness, making it easier than ever for our team to stay organized and informed. With the "View Shifts" feature, staff can easily access their scheduled shifts anytime, anywhere, eliminating missed shifts and scheduling conflicts. The "Track Payroll" feature provides detailed payroll information, ensuring financial clarity and quick resolution of discrepancies. Our "Timesheets" feature simplifies the submission and review of working hours, boosting accuracy and accountability. The "Book Shifts" feature allows staff to quickly book available shifts that fit their schedules, ensuring flexible and efficient shift coverage. Additionally, the "Training" feature helps staff monitor their progress in required professional development programs, promoting continuous growth. Together, these features enhance staff satisfaction and overall performance, making the BFS Healthcare app a game-changer that empowers our employees and supports our mission of healthcare excellence.

Training and Education

by Ms. Emily Ambat

At BFS Healthcare, we believe our employees are our greatest asset and have invested heavily in their professional development. We provide trainings focused on innovation of Patient Care, certification and leadership courses. The Basic Life Support (BLS) and Manual Handling training held in May 2024, have equipped our staff with essential skills. The BLS training focused on CPR, AED usage, and emergency response, while the Manual Handling training emphasized safe patient handling techniques. Moving forward, BFS Healthcare remains dedicated to continuous improvement, ensuring our staff are leaders in healthcare excellence.
